# Announcing the Retirement of Pat McLennan

April 12, 2022

Hello,

We are writing you to let you know of the retirement of Patricia McLennan, our Senior Vice President and Director of Community Development. Pat has been instrumental in growing the visibility of, and the fundraising for, the [Malvern Federal Charitable Foundation](#).

The Foundation's mission is to support those charities and/or organizations within our communities (the Philadelphia Main Line; Morris County, N.J.; and Palm Beach County, Fla.) that contribute to the betterment of their citizens and to create a strong social safety net. The specific focus of the Foundation is our communities' essential needs: food, shelter, medical attention, and counseling that collectively lead to independence and self-sufficiency.

Since its founding in 2007, the Foundation has awarded \$878,000 in grants to dozens of nonprofits serving tens of thousands of individuals in our markets. In addition to awarding grants, the Foundation also provides local nonprofits with educational programs featuring experts in the field on topics such as fundraising, financial management, and other pertinent topics. Malvern Bank also offers a robust community development program that provides nonprofit organizations with financial products designed exclusively for them.

We'd like to take this opportunity to thank Pat for her valuable

service to the Foundation and to Malvern Bank since 2017. We wish her a happy, healthy, well-deserved retirement.

We anticipate appointing a new Director of Community Development soon. Until that time, please feel free to contact me, using the contact information below, for any questions regarding the Malvern Federal Charitable Foundation.

Very truly yours,  
Tony

Anthony C. Weagley  
President, Malvern Federal Charitable Foundation
