Malvern Federal Charitable Foundation – a charitable arm of Malvern Bank, National Association – has announced that it will award grants totaling \$100,000 to 16 different nonprofits in the bank's markets. The organizations receiving grants are:

- **Children's Scholarship Fund of Philadelphia** is a privately funded program with a mission to provide children from under-resourced families with financial access to quality, safe, K-8th grade, tuition-based schools, thereby increasing their long-term economic and social success.
- **Community Volunteers in Medicine** provides free healthcare, hope, and healing to uninsured families and individuals in Chester County, helping them live healthy, productive lives.
- **Curing Kids Cancer** in Marietta, Ga., was founded in 2005 and has raised more than \$17.5 million to fund pediatric cancer research. Curing Kids Cancer is one of a very few foundations that fund pediatric cancer research exclusively.
- **FLITE, Foundation for Learning in Tredyffrin/Easttown** funds programs that provide academic tools and support for local students, especially those who face barriers to their educational success.

- **Friends Association for the Care and Protection of Children** provides emergency shelter and prevention services for families facing homelessness or housing instability in Chester County.
- **Home of the Sparrow** in Exton provides housing and supportive services to homeless and low-income women and their children.
- **Homeless Solutions, Inc.** offers shelter, services and supportive housing to the homeless and working poor in Morris County, N.J.
- **Housing Partnership of Chester County** improves the quality of life for low-to-moderate-income people of Chester County by providing the ability to acquire and maintain decent, affordable housing.
- **Maternal & Child Health Consortium** in West Chester focuses on improving maternal and child health through the collaborative efforts of individuals, providers, and policy makers.
- **North Star of Chester County** guides working parents with dependent children in Chester County who are at risk of homelessness toward stability and financial independence.
- **Peter's Place** in Wayne provides safe and supportive environments for grieving children and families and acts as a community resource to foster understanding of the effects of death and grief.
- **Roots & Wings** in Denville, N.J., provides young adults who age out of New Jersey's foster care system with safe housing, case management, education, counseling, and life skills in order to empower them toward self-sufficiency.
- **Royer-Greaves School for Blind** in Paoli provides a caring and supportive place for children and adults with visual and other impairments to live, learn, and train for their most rewarding and independent lives.
- **Quantum House** is a caring and supportive home that lessens the burden for families whose children are receiving treatment in Palm Beach County, Fla., for a serious medical condition.
- **Vantage Health System of New Jersey** provides opportunities for wellness through integrated mental and physical healthcare, support services, and affordable housing.
- **Vita Nova, Inc.** provides a safe place for young adults to get help when they do not have anywhere to turn for school, work, healthcare, and housing.

"Collectively, these organizations provide vital services each year to thousands of people in southeastern Pennsylvania, northern New Jersey, and Palm Beach County, Fla.," said Anthony C. Weagley, President of the Malvern Federal Charitable Foundation. "Our grants are intended to assist these organizations in fulfilling their missions of helping our neighbors. Since its founding in 2008, the Foundation has awarded grants totaling more than \$800,000 to organizations that improve the quality of life in our growing service area.

"This, coupled with the charitable giving provided by Malvern Bank, which is in excess of \$550,000 since my arrival in 2014, makes an impact to the communities we serve. We focus on education and will continue to support schools at the bank level this coming year – such as The Woodlynde School, the Timothy School, and Freedoms Foundation – who have been past grant recipients."
